## LITERATURE

We thank the Lord for His covering and this rich, life-dispensing ministry. The Africa Ministry Depot (AMD) and Ghana Gospel Bookroom (GGB) have been a channel in bringing the saints in Ghana and the West African sub-region into the up-to-date ministry through trainings and the sale and distribution of books. The world situation has allowed us to broaden our scope through social media to make the ministry books more accessible to the public. Currently, 22182 people have liked our page on Facebook, and there have also been positive responses on other social media channels.

### Ghana International Book Fair

The Ghana Gospel Bookroom participated in the 18<sup>th</sup> Ghana International Book Fair from 26 to 29 August 2021. This year's book fair drew many workers and students from across the country as well as foreign nationals to view various kinds of books from approximately 61 exhibitors. Through the prayers of the saints and with about eight saints volunteering to man our booth, we contacted a good

number of people. Over 500 people passed in front of our booth with some stopping to make inquiries about our books and others purchasing some books. About 75% of those who stopped by our table were high school students between the ages of 12 and 20 years. We engaged with the students and their teachers and they were so open for us to visit their schools for one-on-one shepherding.

### Literature Training

In February 2021 a Book Service Workshop was held for two localities (Accra and Koforidua) for establishing and

maintaining a healthy book sale service in these churches. The goal of the workshop was to assist in making the publications of the Living Stream Ministry available to the local saints and to raise up a service that actively promotes the reading of the publications of the ministry of the age among the local saints.

The Lord is also strengthening His move in other West African countries through the literature distribution. We hope that the unparalleled riches of this ministry will be brought to many hungry and seeking ones in West Africa as a whole.

"I really appreciate the Recovery Version bible I bought from the bookshop of the Ghana Gospel Bookroom. It is like a treasure to me because it is self-explanatory and has wonderful revelations which are captured as footnotes. Honestly, according to my estimation, the Recovery Bible is the best bible that breaks difficult sentences into simpler ones. Also, the ministry books are superb. I, therefore, recommend that every child of God should make the Gospel Bookroom in Westland Accra and all its branches in Ghana their second home to purchase their Watchman Nee and Witness Lee books which are sold at very affordable prices. God bless the Gospel Bookroom for the wonderful work they are doing."

## MIGRATION & PROPAGATION

After a free mass book distribution of over 130,000 ministry books in schools and to the general public in early 2020, some contacts were made. Some of these ones are pursuing the ministry and are being shepherded gradually into the church life, particularly in the cities of Cape Coast, Jasikan and Nkwanta. The following is a short introduction regarding the Lord's move in Jasikan and Cape Coast.

### The Lord's Move in Jasikan

Jasikan is a major town situated in the Oti Region in the Northeastern part of Ghana. The majority of the population there are migrants from Togo, a neighboring country and are mainly a mix of nominal Christians and unbelievers. After the book distribution in colleges and senior high schools, we realized the hunger among seeking ones. Through fellowship, some brothers began laboring in this city. One of the brothers migrated to Jasikan for the shepherding of the contacts and the establishment of the Lord's testimony. Praise the Lord the first Table meeting was held on 17 October with 38 saints attending.

### The Lord's Move in Cape Coast

Furthermore, on 1 April 2021, a family was burdened to migrate to Cape Coast from Accra for the Lord's move on the western coast of Ghana. By distributing the ministry books and visiting the contacts and saints from house to house, three local saints have now opened their homes for regular meetings. On 5 August two more families migrated to the city of Cape Coast. Currently, three families burdened for the Lord's spread and His testimony in the southwestern cities in Ghana are laboring in the cities of Cape Coast and Takoradi. The Lord is blessing all this migration and has been propagating Himself. The Lord's testimony was established on 24 October in Cape Coast. 73 people attended the first bread-breaking meeting. We testified that we are one in the body of Christ. *For details of the propagation, please refer to the "AMD Propagation Newsletter, October 2021" at [www.LMAfrica.org](http://www.LMAfrica.org).*

## PRAYER BURDENS

1. Pray for the seeking ones to enter into the ministry and see the Lord's recovery.
2. Pray for the saints to receive the burden and practise extended visitations and propagation in the surrounding cities of Cape Coast, Takoradi, Jasikan, and Nkwanta.
3. Pray for the newly established lampstands in Cape Coast and Jasikan, that the Lord can strengthen the families and continue to spread unhindered.
4. Pray that through trainings the saints will be perfected and God will gain the barley loaf rolling through the enemy's camp that will bring glory to God and shame to the enemy.
